1. Overview

Thank you for your interest in becoming a corporate sponsor of the FITSI Foundation. Corporate sponsorships are being handled as tax deductible donations that are made out directly to the Foundation. The FITSI Foundation is the sister organization of the Federal IT Security Institute (FITSI) that is able to receive tax deductible donations* on behalf of corporations and individuals for important initiatives such as research and education within the cybersecurity industry.

Levels of Sponsorship

The FITSI Foundation currently has three levels of sponsorships (donations) for corporations and businesses. These levels are based upon the nomenclature used in the Olympic Games and are identified as Gold, Silver or Bronze. Below are the levels and amount of donation.

Gold - \$1000

Silver - \$500

Bronze - \$250

Benefits of Sponsorship

Besides the aspect of supporting a worthy cause, all corporations and individuals who donate money to the FITSI Foundation have the option to have their money allocated to a particular program and have that name listed at that program's website as a supporter.

Gold level corporate sponsors can have their company's logo listed.
